<i>Must be completed with a minimum grade of C-</i>			
PSY-111	Introduction to Psychology -OR-	3	◆
PSY-121	Developmental Psychology	3	◆
<i>Must be completed with a minimum grade of C-</i>			
<b>Total Credits 12</b>			

## Technical Program Coursework

Physical Therapist Assistant program technical coursework, Term 1, begins each Spring.

Terms 1–5 require students to be on campus or in an assigned clinical site on a full-time basis.

The program has a dress code for both on-campus coursework and clinical education.

Prior to entering an assigned clinical site, the student must:

- Have a physical examination with updated immunizations recorded on the Hawkeye Community College form. The form and instructions will be provided to all eligible students during the in-program orientation.
- Pass a criminal background, sex offender, and adult/dependent abuse background checks. Instructions will be provided during program orientation. Failing a background check will result in dismissal from the program.
- Complete Mandatory Reporting, Workplace Safety training, and HIPAA training. This training is part of the HSC-108 Introduction to Healthcare Professions course.

Basic Life Support CPR level is also required and can be obtained through the Hawkeye Community College Business and Community Services department.

All of these opportunities can be coordinated through communication with the Physical Therapist Assistant program director.

Students must achieve a minimum grade of C or higher in all program coursework.

You may only fail one program course; failing more than one course will be grounds for dismissal from the program.

Clinical experiences are completed off-campus. Sites may be local, in-state, or out-of-state. You are responsible for transportation to and from clinicals, as well as any associated housing costs. You will not be allowed to select specific clinical sites, but may make requests for special needs or geographical locations.

**Term 1 — Spring**

BIO-173	Human Anatomy and Physiology II ► <i>Must be completed with a minimum grade of B-</i>	4
PTA-101	Introduction to PTA ►	2
